

YOUR GRACIOUS REGIFTING STARTER KIT

**Now you can get started regifting—graciously—
TODAY!**

Congratulations! You have just been given a great gift! This gift will get you started on being able to give others great gifts, too—gifts that you have already gotten. Regifts!

These tools, along with some “training,” will help you to become more than just a regifter. You will soon learn and understand how to reuse your unwanted gifts *graciously*. Gracious regifting is a higher level of regifting: classy and more refined. You will be able to proudly give anyone a gift that was previously given to you in clever ways you never thought possible!

In your kit, you have _____ of the different gift types that are typically regifted and some helpful tips on how to graciously regift each. You may have given or gotten some of these types of gifts yourself at one time. The next time you do, you’ll know just what you can do with them, and with many of the other gifts you’ll be getting in the future. Now, no gift will ever be wasted, and almost every unwanted gift can be graciously regifted, including the ones in here!

Of course, you may keep these gifts for yourself, if you would like. They are yours to use or do with whatever you want. However, you may want to consider using these gifts as “practice presents” to hone your regifting skills. Then, whenever the need arises for you to give someone a gift and you feel you already have something that is suitable, you will be ready to graciously regift it! More importantly, gracious regifting will become yet another fine option in your future gift-giving arsenal. Not only will you be conserving your cash, and other valuable resources, you will also be recycling gifts that would otherwise be wasted. That is why gracious regifting is not only good for you, and for your giftees, but it’s also very good for the environment. And that’s good for everyone! We must always recycle all of our unwanted gift waste.

Reduce, reuse, recycle, REGIFT!

REMEMBER: Almost *any* gift received can be regifted, but not every gift can be regifted in just *any* way!
